YOUR INDUSTRIAL ELECTRONICS SOURCE

Power Supplies

Switching power supplies to 4000 watts. DC/DC converters. Custom power supplies. Compact PCI. Redundant.

Variable frequency and voltage AC power supplies, DC bench power supplies.

Linear power supplies. High-current unregulated power supplies. Custom linear supplies.

Encapsulated linear AC/DC supplies. Photomultiplier supplies. DC/DC supplies.

Customizable open frame and modular switching power supplies. DC/DC converters.

RTEPower/Mate

Legacy line of switching, linear, and encapsulated supplies. Stock, repair, and cross-references available.

Industrial switching power supplies to 380 watts. Wall plug-in power supplies, transformers.

Switching supplies 20 to 150 watts. Encapsulated switching AC/DC supplies. DC/DC converters to 200 watts. System and redundant supplies to 400 watts.

Components

LED lamps, arrays and displays. Infrared emitters, photo transistors.

SMT and through-hole test points and jumpers. Edge connectors, PLCC sockets.

LED lamps, light pipes, arrays and displays. Infrared emitters, photo transistors.

Replacement semiconductors. Test equipment. Electronics chemicals.

Thyristors, rectifiers, bridges, clamps, power hybrids.

Surface mount and thru hole, capacitors, resistors, networks, hybrid ICs, varistors, thermistors, switching diodes, LEDs.

Aircraft, micro- and sub-miniature incandescent bulbs, LED replacement bulbs, LEDs.

Relays, semiconductors, resistors, potentiometers and trimmers, knobs, capacitors.

Screw-, bayonet-, and wedge-base lamp holders in miniature, high-temperature and PC-mount.

Hook-up wire. Audio/video, telephone, data and coaxial cable.

Passive electronic components.

LED Mounting Components: lenses, light pipes, sockets and wiring harnesses.

CALL TODAY TOLL-FREE: 800-543-8142

YOUR INDUSTRIAL ELECTRONICS SOURCE

Automation & Control

Time delay relays, hybrid dry time delays, custom micro-processor-based timing systems.

Watchdog timers, dry contact relays, pulse stretching input modules, high-density I/O, custom I/O products.

Memory Keys and interfaces for PLCs, access control and cashless vending.

Ultrasonic, optical, and inductive proximity sensors; stand-alone controllers.

Time delay relays, universal timers, motor protectors, head pressure controls, omnetics timers.

KANSON ELECTRONICS, INC.

Timers, resistance sensors, proximity sensors, watchdog timers, motion detectors.

Relays, switches, data cabling systems, RF interconnects, hook-up wire, CAD software, electronics chemicals.

Controllers, PLCs, automation software, Internet I/O, I/O modules and racks, solid state relays.

USP, PCI, PCMCIA and ISA digital I/O systems and RS-232/485 interfaces/converters.

Signal conditioners, temperature controllers, surge suppressors, two wire transmitters, variable speed drives, process indicators, math function, alarm trips, valve controllers.

Tools, Test Equipment & MRO

Industrial replacement batteries: hand-tool batteries, lead-acid, standard cells, rechargeable, coincells.

Hand tools for electrical assembly and repairs including strippers, cutters, crimpers, and wire ferrules.

Full range of hand-held instruments from DVMs to anemometers, tachometers, PID controllers, calibrators.

Breadboard kits, variable AC power supplies, function/pulse generators, counters, logic analyzers.

Wiring/harnessing accessories: heat shrink, ties, grommets, clamps, sleeving, tubing, solderless terminals and tools.

Wire, bar and paste solder. Water-soluble, rosin-based, and no-clean fluxes, flux pens, cleaners and wicks.

Electronics chemicals, scrubs, butane/electric soldering irons, cable fault finders.

Industrial hand-held oscilloscopes, DVMs, clamp meters and thermometers.

Electrical and data circuit troubleshooting instruments. Analog VOMs.

Industrial Products Distributing, Inc.

Industrial Products Distributing (IPD) strives to provide our customers with the best possible in-stock availability of industrial electronics. Since 1976, we have provided individual service, accurate cross-referencing, custom stocking, innovative, high-quality products, and excellent technical support. If you would like to talk with a real person who truly cares about your special requirements, **IPD** is your distributor. **Industrial Products Distributing's** franchised product offering includes:

Power Supplies

- Linear (including hard-to-find 9VDC)
- Switching (10 watts to 4KW)
- DC/DC Converters
- Encapsulated
- Modular
- Variable AC Frequency and Voltage
- Redundant
- Compact PCI
- DIN Mount
- Lab/Rack/Benchtop
- Custom Designs
- Un-Regulated
- Wall Plug-ins
- Power Transformers

Components

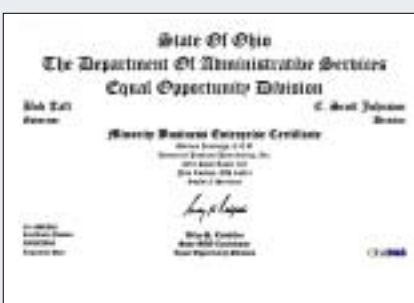

- Semiconductors and ICs
- Resistors, Potentiometers, and Capacitors
- Switches and Indicators
- LEDs and LED mounting hardware
- LED Arrays and Displays
- Incandescent Bulbs and Holders
- Testpoints, Jumpers and Fuse Holders
- Edge Card Connectors and PLCC Sockets
- Telecom/Datacom Transformers
- Thyristors, Rectifiers and Bridges
- Motor Run Capacitors

Automation & Control

- PLCs
- PID Controllers
- Computer Interfaces (Serial, Ethernet, etc.)
- I/O Modules
- Relays and Contactors
- Watchdog Timers
- Time Delays, and Time Controllers
- Memory Keys, Interfaces and Programmers
- Universal Timers and Custom Timers
- Proximity Sensors
- Transmitters and Signal Conditioners
- Building Controls and Locks

Tools, Test Equipment & MRO

- Industrial Batteries
- Hand Tools
- Hand-held DVMs and Clamp Meters
- Cable Fault Finders
- Breadboard Kits
- Variable AC Power Supplies
- Analyzers, Generators and Counters
- Oscilloscopes
- Heat Shrink
- Ties, Grommets, Sleeving and Clamps
- Solderless Terminals
- Solder and Flux
- Electronics Chemicals
